

# MY PLEDGES TO YOU

My promise to you is that I will maintain our radical values and work tirelessly to get Labour in to power – so that we can advance the interests of the people our Party was created to serve.

**Based on the moral case for socialism, here is where I stand.**

- 1. Economic justice** Increase income tax for the top 5% of earners, reverse the Tories' cuts in corporation tax and clamp down on tax avoidance, particularly of large corporations. No stepping back from our core principles.
- 2. Social justice** Abolish Universal Credit and end the Tories' cruel sanctions regime. Set a national goal for wellbeing to make health as important as GDP; invest in services that help shift to a preventative approach. Stand up for universal services and defend our NHS. Support the abolition of tuition fees and invest in lifelong learning.
- 3. Climate justice** Put the Green New Deal at the heart of everything we do. There is no issue more important to our future than the climate emergency. A Clean Air Act to tackle pollution locally. Demand international action on climate rights.
- 4. Promote peace and human rights** No more illegal wars. Introduce a Prevention of Military Intervention Act and put human rights at the heart of foreign policy. Review all UK arms sales and make us a force for international peace and justice.
- 5. Common ownership** Public services should be in public hands, not making profits for shareholders. Support common ownership of rail, mail, energy and water; end outsourcing out NHS, local government and justice system.
- 6. Defend migrants' rights** Full voting rights for EU nationals. Defend free movement as we leave the EU. An immigration system based on compassion and dignity. End indefinite detention and call for the closure of centres such as Yarl's Wood.
- 7. Strengthen workers' rights and trade unions** Work shoulder to shoulder with trade unions to stand up for working people, tackle insecure work and low pay. Repeal the Trade Union Act. Oppose Tory attacks on the right to take industrial action and the weakening of workplace rights.
- 8. Radical devolution of power, wealth and opportunity** Push power, wealth and opportunity away from Whitehall. A federal system to devolve powers – including through regional investment banks and control over regional industrial strategy. Abolish the House of Lords – replace it with an elected chamber or regions and nations.
- 9. Equality** Pull down obstacles that limit opportunities and talent. We are the party of the Equal Pay Act, Sure Start, BAME representation and the abolition of Section 28 – we must build on that for a new decade.
- 10. Effective opposition to the Tories** Forensic, effective opposition to the Tories in Parliament – linked up to our mass membership and a professional election operation. Never lost sight of the votes 'lent' to the Tories in 2019. Unite our party, promote pluralism and improve our culture. Robust action to eradicate the scourge of antisemitism. Maintain our collective link with the unions.
